

Message from Leadership Team

One of the most beautiful moments that we cherish in life is the quality time with our friends, because friends are fun, helpful and trust worthy. And everyone in **Jade**, believe, **BNI** is such a platform where, by complying to **BNI Code of Ethics** makes us trust worthy, its policies like **One to Ones** helps to improve bonding between members and nurtures into a true friendship. Various events and activities makes the entire program interesting, informative and fun. With such fundamentally strong and ethical principles, we share our business presentations and ask for new connections and finally **Celebrate Giving**. In one line, we use **BNI tools** for wonderful and strong relations between us and share referrals as **BNI product** and enrich ourselves both individually and professionally.
